PROFESSIONAL SUMMARY

Highly creative Video Editor and Post-Production specialist with 4+ years of experience directing and producing cinematic content across diverse social media platforms. Proven ability to leverage Adobe Premiere Pro and After Effects to craft compelling short-form and long-form videos. Successfully applied advanced Storytelling and Pacing techniques to significantly increase audience engagement and drive follower growth for self-directed projects.

WORK EXPERIENCE

Director – Self-Directed & Produced September 2020 – Present

- Handled various content styles on social media platforms
- Using Adobe After Effects & Premiere Pro to create documentary cinematic reels on Instagram, significantly increasing audience engagement and driving follower growth.
- Applying Storytelling techniques with proper pacing help maintain viewers' retention

Post-Production Manager – Estapure Cometics Hospital September 2021 – May 2022 | Remotely

- Collaborated closely with the head of the media team to receive footage and vision direction, crafting patient-focused surgical BTS and pre/post-operative videos while ensuring alignment with project goals.
- Crafted YouTube long-form and Instagram/TikTok short-form videos.

EDUCATION

Alexandria University – Veterinary Medicine May 2030
Bachelor's degree
